15/A1, Alam Garden, Gopibagh 2nd Lane, Dhaka - 1000

## Objective

I am a highly motivated fresher with a strong passion for MERN full-stack web development, possessing a comprehensive understanding of the MERN full stack, including MongoDB, Express.js, React.js, and Node.js. My skilled areas are HTML5, CSS3, and JavaScript with experience in RESTful API development and integration. I am ready to share knowledge and contribute to the growth and success of aspiring developers as a software engineer.

Moreover, my strong interpersonal and communication skills allow me to effectively collaborate with cross-functional teams, ensuring smooth project workflows and successful deliveries. As a dedicated and driven individual, I am eager to make a meaningful impact in the world of software engineering and contribute to the development of innovative and user-centric solutions.
